Spring and Summer 1955

Dear African Violet Enthusiast:

Here is our 1955 spring list of African Violets available in sufficient quantities to offer for shipment. Even with these, some varieties will go out so rapidly that we ask that you list substitutes when possible. We shall not substitute unless you so specify.

All plants are shipped in 2" pots. Shipment is made by express, collect for the express charges. Shipments to the East and North are made after danger of freezing has past, usually between April 15 and October 15, with time off during the heat of late July and August.
